# SACEUR'S MESSAGE

TO THE MEMBERS OF THE CLASS OF 1981

On the occasion of your graduation, it is a pleasure for me to extend my personal congratulations to the members of the Class of 1981.

High school graduation is a special event with both a universal and a highly personal meaning. On the one hand, it represents a milestone in the quest for knowledge and truth — a quest which has always been a distinguishing feature of advancing civilization. Education plays a fundamental role in our society, for it is learning which lies at the root of those democratic traditions upon which you and I base our liberties. An ancient philosopher put it consisely when he said, "Only the educated are free."

Your graduation from SHAPE American High School also has great personal significance to each of you. It marks the achievement of an educational goal as well as the onset of life's greater challenges. It means that new responsibilities and privileges are yours to shoulder and to enjoy. Graduation is also a poignant emotional experience, an intense celebration followed by parting, as each of you strikes out on your individual path.

Whatever future course you take, I am confident that you will recall these important years at SHAPE with fondness and respect for the special nature of your experience here. For indeed you are a special group, privileged to have lived in a unique international community. It is a community of nationalities, each proud and distinctive. They have all played a role in broadening your education, and all are united in their asperations for your generation to preserve the peace and harmony that this community symbolizes.

On behalf of SHAPE, I salute your achievements and wish you all a happy and successful future.

BERNARD W. ROGERS  
General, U.S. Army  
Supreme Allied Commander, Europe

# PRINCIPAL'S MESSAGE

## Principal's Message

For the graduating class of 1981, this year has been a significant year. It has been the culmination of formal schooling for some and the beginning of more intensive academic training for others. It means making career decisions that will have significance for the greater part of your life, for in twenty years you will be in the prime work force of the United States in whatever position you hold.

The year 2001. When we think of that date the idea of interplanetary travel and computerized living jumps to mind. We've read science fiction stories of living in the twenty-first century for years and it has seemed very futuristic and unreal. Yet we're almost there, and your generation will be making some of the far reaching decisions that will determine the kind of world in which we'll be living.

We hope the years you have spent at **SHAPE** American High School have made you life-long students, always desiring to know and understand. For only with knowledge and understanding can you make good decisions in shaping your personal world and the larger world we must share with each other.

# BELGIUM IS

# SPECIAL

This year marked the 150th anniversary of the birth of Belgium as an independent state. Many special festivals were held throughout Belgium to commemorate this occasion. These festivals called attention to many things including: Belgium's contribution to art, its vital part in history, and its excellent cuisine.

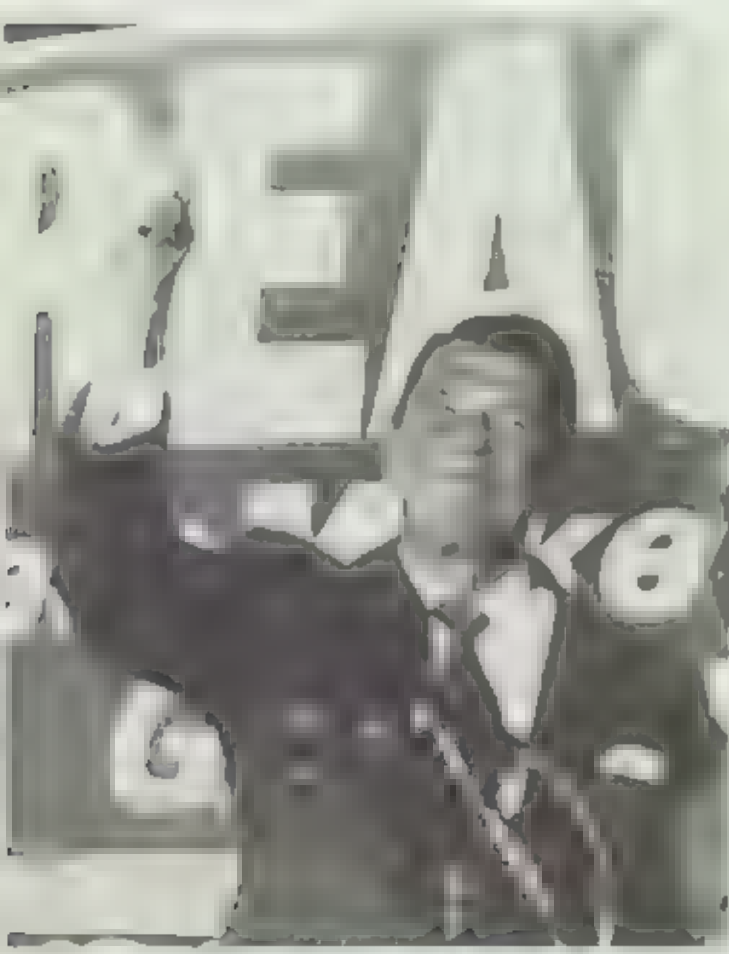

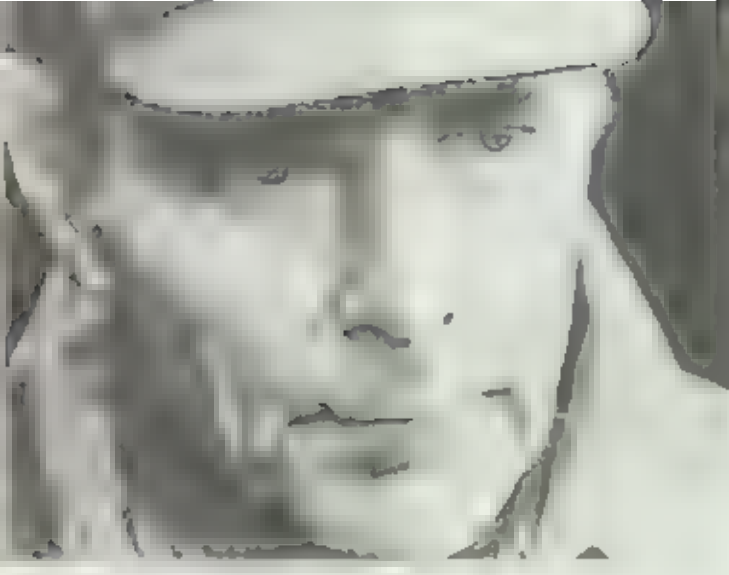

Although there were many special events, there were also hundreds of things to see and do every day. Walking through the narrow streets of Mons, visiting the small towns in the surrounding area, or shopping at the many markets were activities that will be long remembered.

SHAPE is special because it is international  
People from many countries sharing, cooperating and learning  
from each other while working toward a common goal

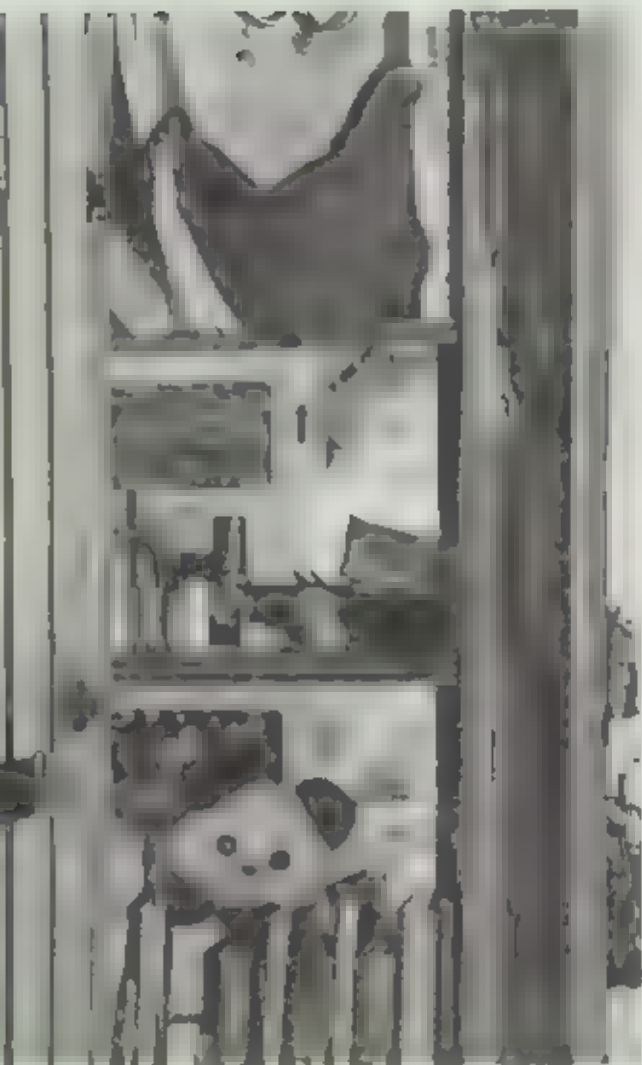

WE ARE . . .

# SPECIAL

SHAPE High School is special because it offers a unique educational opportunity. In addition to the normal school subjects SHAPE offers an opportunity to confront many areas of learning directly. The chance to travel, to practice a foreign language, and to discover places, people, food, and customs that would be impossible in a normal school.

SHAPE Seniors of 1981

## *Dedication*

A class sponsor must be a special type of person. Hours of precious time are volunteered to the class, long hours which take a patient and understanding individual. A sponsor must give part of himself to the class. The graduating class of 1981 wishes to recognize a man who has fulfilled these requirements. Mr. Martin J. Terzieff has helped make our graduating year a memorable one. His sense of humor and dedication served as an inspiration to all of us. Thank you, Mr. "T".

The class of '82 was very busy sponsoring various projects to raise money for the Junior/Senior Prom. These projects included: bake sales, chili and taco sales and many discos. The success of these activities required the time and participation of each class member.

During the year, the juniors shared many memorable times and established many close ties of friendship which will help make them a "SUPER" senior class next year.

# ADMINISTRATION AND OFFICE STAFF

Ann Bamberger

Variese Johnson

Jean Louis Cornez

George Johnson

Jean Louise Cornez our new admittance clerk was kept very busy keeping track of all the students coming and going. It was extremely hectic and Jean Louise was thankful for the many office aides who helped him. Mr. George Johnson and Ms. Ann Bamberger were kept busy attending students needs, talking to parents and teachers as well as keeping up business correspondence. Mrs. Variese Johnson was kept busy operating the ditto machine, answering phones, and typing letters. For all of us realized just how much work needed to be done. Thank-you for a job well done

# COUNSELING STAFF

Bernadette Blasio

"Can I have my schedule changed?" "Mrs. Blasio, can you put this in the bulletin?" These were a few of the many questions you may have heard as you stepped into the busy world of the guidance office. At any minute, the smiling, friendly faces of Mrs. Danielle Abbott or Mr. William Jones may have appeared around the corner and hurried to your assistance. Mrs. Abbott and Mr. Jones worked very hard to insure that students had as few problems as possible during their stay at our high school. Mrs. Blasio worked year round typing and keeping the records straight. Many pamphlets line the shelves offering many sources of career information to help our graduating seniors and early bird career seekers. There was no better place to go for help than our guidance office

Danielle Abbott

William Jones

# LIBRARY: A PLACE TO STUDY.

Mary Watson

Rose Van Renterghem

Do you have a pass?" "Please be quiet!" and "Only for to a table, please." are just a few of the phrases that were heard coming from the librarians. The library was one of the only places in the school that you could sit and study quietly or read one of your favorite magazines. If you needed the help of either Rose or Mrs. Watson, they were always on hand and eager to help.

## HELPING WITH OUR NEEDS

Daniel Casier

Pierre Vandenbenden

The students and faculty would have had a very hard time doing their jobs without the outstanding services of the supply personnel, Mr. Casier and his assistant Mr. Vandenbenden. They're the people who furnished books, manuals, and classroom supplies.

# MAKING THINGS SPARKLE

Madame Philomene Ramasse (one of the many custodians)

Did you ever wonder who picked up the paper and other trash that was carelessly thrown all over the floor? Did you notice that in the morning when you came to school the halls were clean and neat? The reason for our school's attractiveness was the hard work and dedication of the custodian staff!

# CANADIAN FACULTY

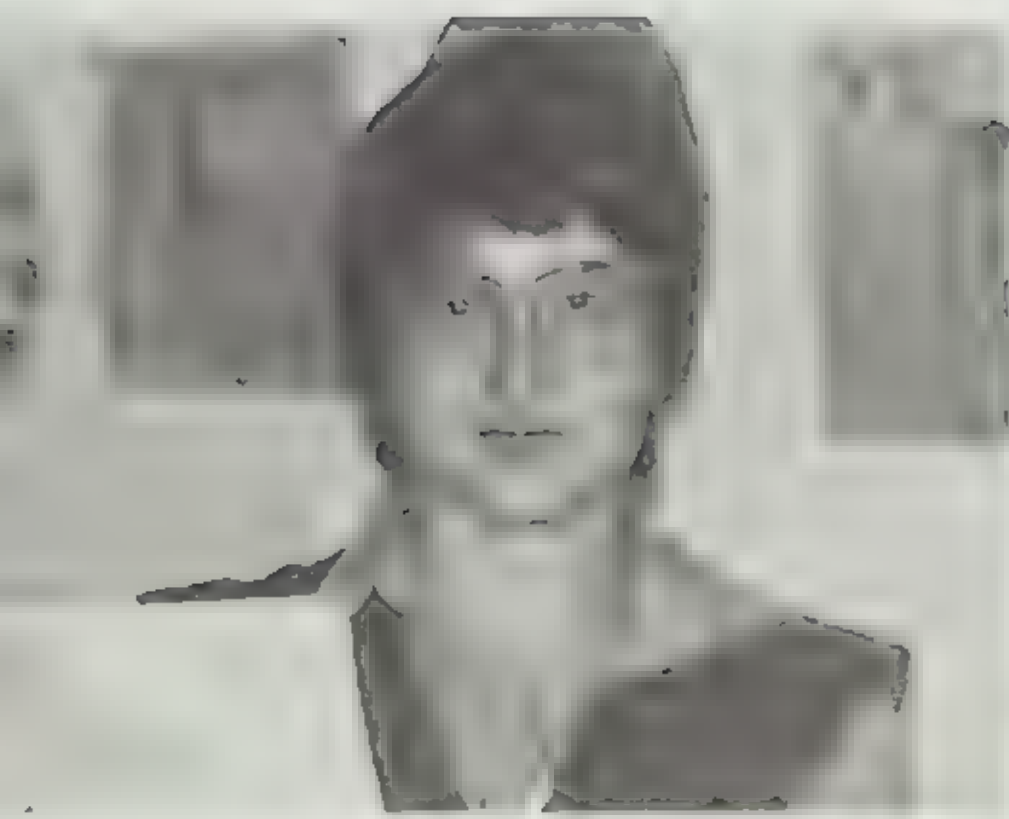

Miss Dorothy Johnson, principal of the Canadian School, returns for her second year. Miss Johnson is kept busy seeing that the school is kept running smoothly. She keeps up regular correspondence with Lahr, Germany a Canadian base where she once taught. Miss Johnson comes from Montreal, Quebec and went to McGill University of Quebec and the University of New Brunswick.

"Mrs. Darton, can I have a band-aid?" This is a familiar question to Mrs. Darton's ears. She is often kept busy with the students' needs as well as her hectic work as secretary in the Canadian School. Once in awhile she can even be found helping the first graders with simple needlepoint and sewing. She obtained her administrative skills at Nova Scotia's Business College and School of Fine Arts. Mrs. Darton herself is from Halifax, Nova Scotia. Where would the office be without the work of this dedicated secretary?

Ms. Claudette Binette is an old pro at the Canadian Section, she's been around for three years! Ms. Binette has a great love of teaching and applies it to her first, second, third, and fourth grade students. She comes from Edmonton, Alberta and went to the University of Alberta. She gained experience working in Edmonton. Ms. Binette loves to travel and photography is one of her main hobbies. She often can be found touring the country side with a camera around her neck.

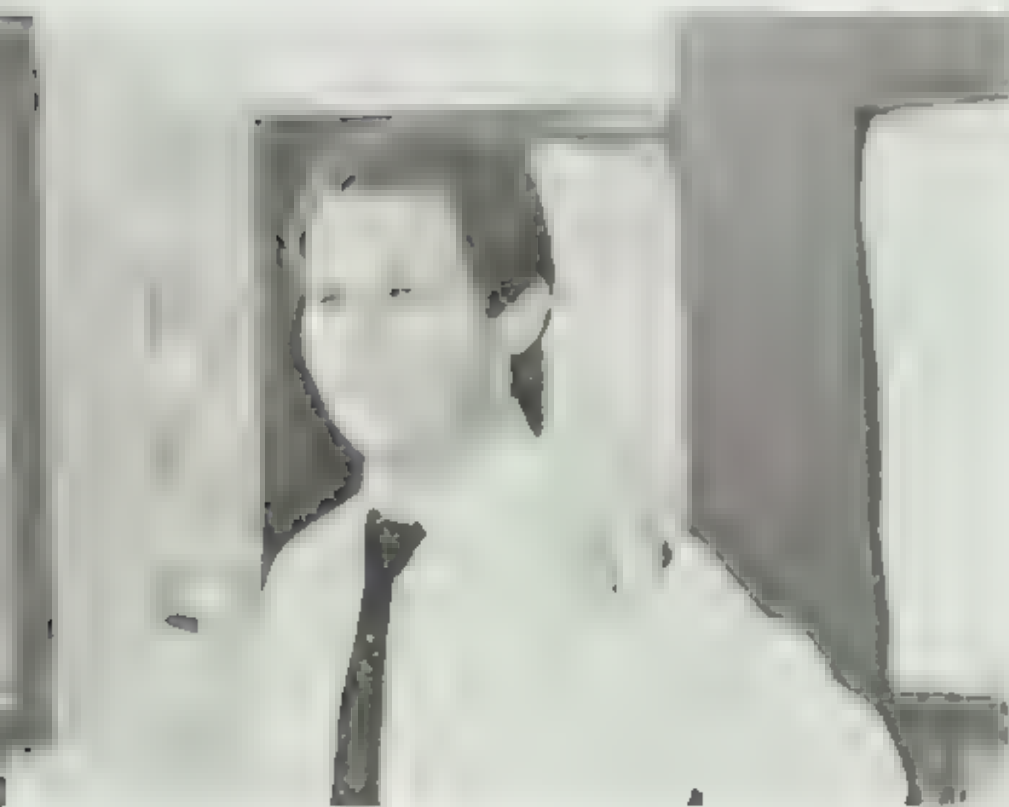

Iris Reimer is a teacher for the first, second, third, and fourth grades and has returned for her second year of teaching at the Canadian School. She comes from Vancouver, British Columbia. Some of her hobbies include reading, sewing, traveling, opera, and photography. She attended the University of British Columbia

Mr. Rick Phillips is a new member of the Canadian School, he replaced Mrs. Louise Zanolin as the fifth and sixth grade teacher. Mr. Phillips is from Scarborough, Ontario. He went to the University of Toronto and now enjoys teaching Music, French, Language Arts, and Social Studies to the Canadian students. Mr. Phillips always seems to be smiling and always has a good joke up his sleeve

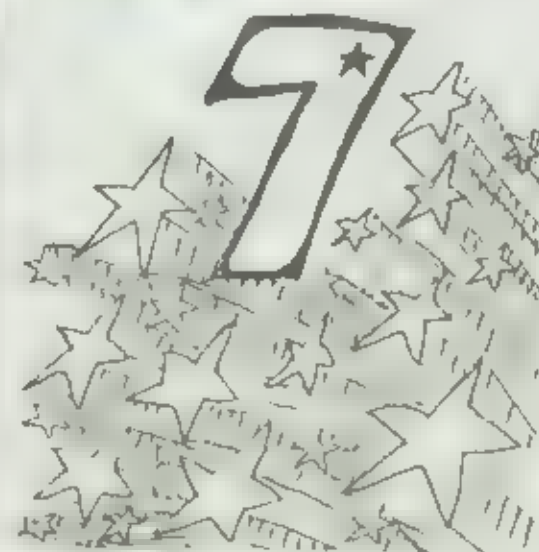

Ken Robinson is also a new member to the Canadian staff. He teaches grades seven and eight as Mr. Nar Zanolin did before him. Mr. Robinson is from Base Gagetown in New Brunswick. He has been in Europe before but this is his first time in Belgium. Mr. Robinson teaches his students Science, Language Arts, Social Studies, and French. He also takes them to the pool for their weekly swimming lessons. Most mornings you can find him at the SHAPE pool doing laps before coming to school.

# SPIRIT

Spirit Week 1980 was a tremendous success. It started with Flannel Shirt Day (in honor of our Student Council president). This was followed by Hat and Tie Day. Things really picked up when 50's Day arrived. There was a sock hop during lunch with Mr. Wahlberg providing some entertainment. Class Day was next and participation was at its highest level. The bonfire that night got everyone "fired up" for the events yet to come. The boys' cross country team won the championship for the second consecutive year and the girls finished a close second. The volleyball team went undefeated and untied in their regionals and won the championship. The football team lost a very close game against ISB, 10-8.

# FORENSICS AND DRAMA CLUB

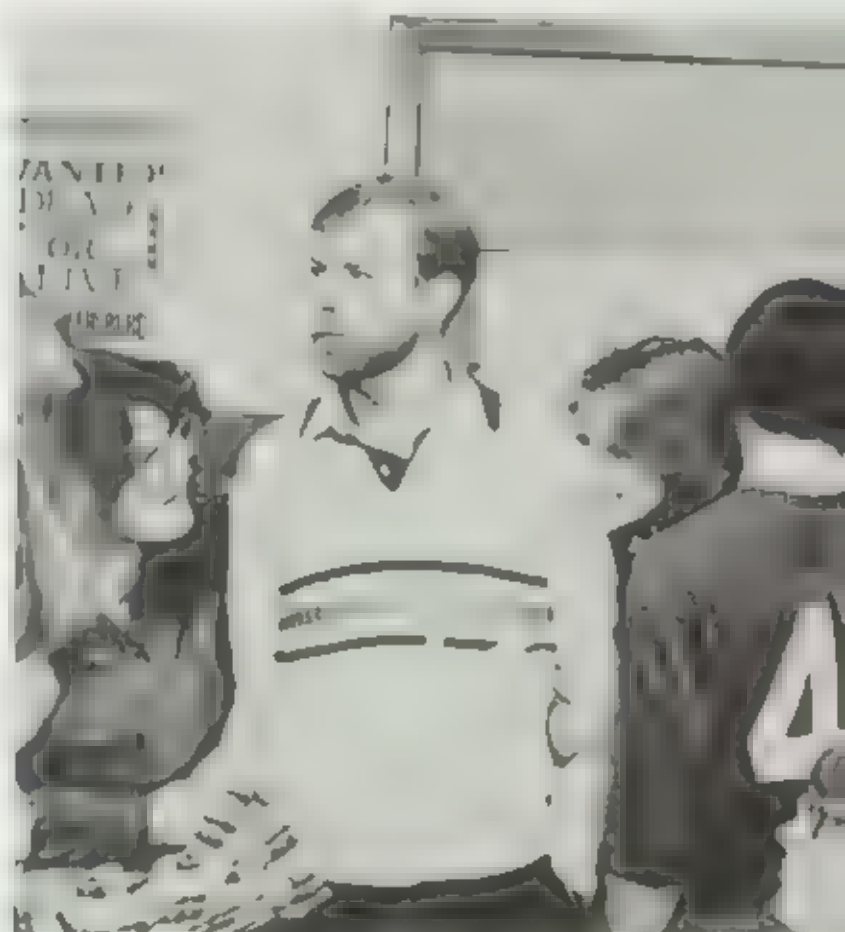

Forensics and Drama Club after a meeting

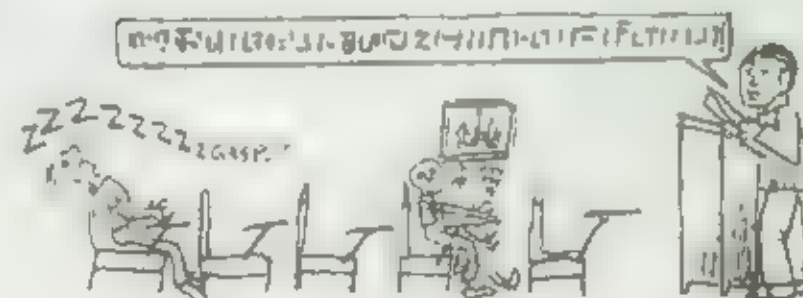

This year fifteen students represented SHAPE High School at the North Sea District Forensics Festival held in England. The SHAPE team competed with schools from all over England as well as from Brussels and Spain. With the help of Mr. Petsch and Mr. Wahlberg, the students competed in a variety of speech and drama events including the year's one-act play, "Fumed Oak." The competition was rough but the students managed to learn a lot as well as to enjoy themselves. The officers for the Forensics and Drama Club were Cindy Fischer, president; Tom Johns, vice-president; Cheryl Kiser, treasurer; and Linda Correll, secretary.

The goal of the CWE program is to familiarize students with the requirements and responsibilities of a job and to provide on-the-job training for the students. This year, SHAPE students worked in a variety of locations; for example, a CWE student could be found at the pharmacy, the dental clinic, the entertainment center, the lab, the world processing center and other locations around SHAPE. The coordinator, Mr. Dye, is trying to broaden the number of fields available to students in the program.

The band was an extreme asset to the school this year. Led by Mr. Sanderson, the band braved rain and cold in order to promote spirit at every football game. Strains of "Golden Men Of Shape" were heard at each pep rally and basketball game. The band marched in the Homecoming Parade and also held a Christmas and spring concert. The yearbook staff and student body would like to thank the band for its presence to so many of the school functions.

The varsity football team ended the season with a record of one win, five losses and one tie. In three of the five losses the scores were incredibly close but just out of the Spartan's reach. The team was a young one with the sophomores far outnumbering the seven seniors. Team captains were Mike Fisher, Michael Wingfield, Frank Fricchione, Vili Lei, and Michael Jeter.

The team coaches were head coach Yogi Pittman; defensive coach, John Clemons; and assistants John Buckley and Dr. Jezstrembski.

This year the Spartans took fourth place in the gold Division North, with Vili Lei making all-conference, defensive linebacker.

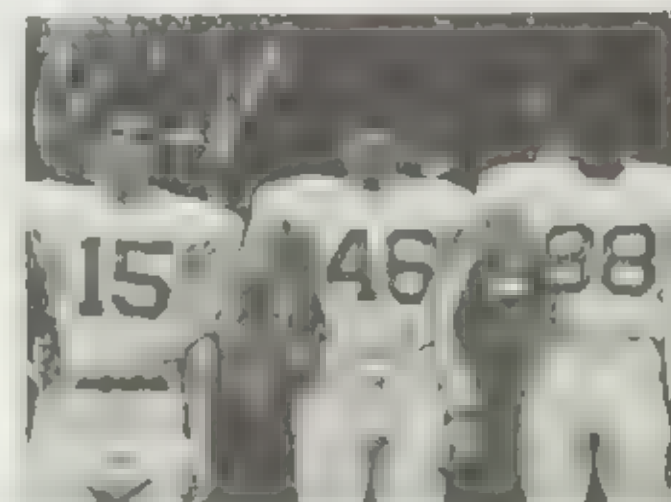

On this year's team the offensive leaders were Tom Johns and Mike Jeter. The defensive leaders were Jeff Rhodes and Vili Lei.

**Kristin Jastrzembski, Richard Aldridge, Ann Marie Kallunki**

The boys' cross country team once again took first at the 1980 Benelux Championships. The girls placed second for the second consecutive year. During the regular season the boys lost only once and the girls twice. The boys' team was led by junior Steve Liska and the girls by senior Kathy Davidson. Brad Marlow and Kathy Davidson were the team captains. Steve Liska, Brad Marlow, and Mimi Abbott qualified for the European finals.

The SHAPE junior and senior gymnastics team carried on its winning tradition by being named champions of Class B schools at the Benelux Championships at Mannheim, Germany. SHAPE competed against fifteen other schools. The seniors record was six wins and one loss; the juniors finished with an undefeated record.

Laura Crozier was SHAPE's senior all-around champion with teammate Kathy Albright placing in two events at the championships. Laura Hall, the outstanding junior varsity gymnast, was undefeated taking first place all-around at every meet including the championships. Kimmi Jastrzembski, Stacie Moore, Danielle Michela, and Tracy Badcock also placed at the championships.

# WRESTLING

For a full list of the authors, see the back of the book. The authors are: **Tim Press, David Greathouse, Leo Mansi, Kevin Hall, Mark Cossey and James Belovich**.

This year's 1981 wrestling team roared into the season and had no intention of stopping. For many, the season started in the summer with clinics in the states or here at SHAPE which were held by the coaches, Maj. Greathouse and Col. Miller. It paid off. The young team which had only two returning place finishers never lost a match. Many of the scores were one-sided such as 60-12. The team led by Captains Drew Turner, George Dornberger and Cliff Hall opened the season with four champions at the pre-season tournament in Bonn. During the next weeks, the excellent coaching and exhausting practices showed up in the dual meets. Nick Seaward at 98 lbs. had an 11-0 record as did Tim Press at 112 lbs. The other undefeated wrestlers were Mark Cossey at 7-0, Bob Godfrey at 11-0 and Drew Turner also at 11-0. Cliff Hall and George Dornberger had only one loss. Grant Reid, Leo Mansi, Michael Wingfield and Teoman Tugsuz lost only a few matches and were expected to finish 1, 2, or 3 along with their other teammates in the Benenor tournament to be held February 27 and 28 at SHAPE. At the moment the team seems to be a sure bet to become the high school's first Benelux championship wrestling team. Coach Anthony Blasio thinks it is a good possibility.

# SHAPE SEALS

The SHAPE Seals Swim Team is truly unique because it contains students from seven countries. At the end of February, the Seals were undefeated for the third straight year. The team hopes to again capture the European Forces Swim League Championships held in Heidleberg, Germany in May. The Seals were coached by Mr. Rehborne. The captains for the 1980-81 season were Sharon Briggs and Matt Eatman

The SHAPE Boys Basketball team enjoyed their most successful season in years rolling to a 14-2 record over their regular season opponents. The highlights of the season were marked by victories over archrivals Bonn (66-49 and 77-56) and Brussels (72-69 and 67-61), giving the Spartans a share of the conference championships and a favorable position in the Benenor Tournament.

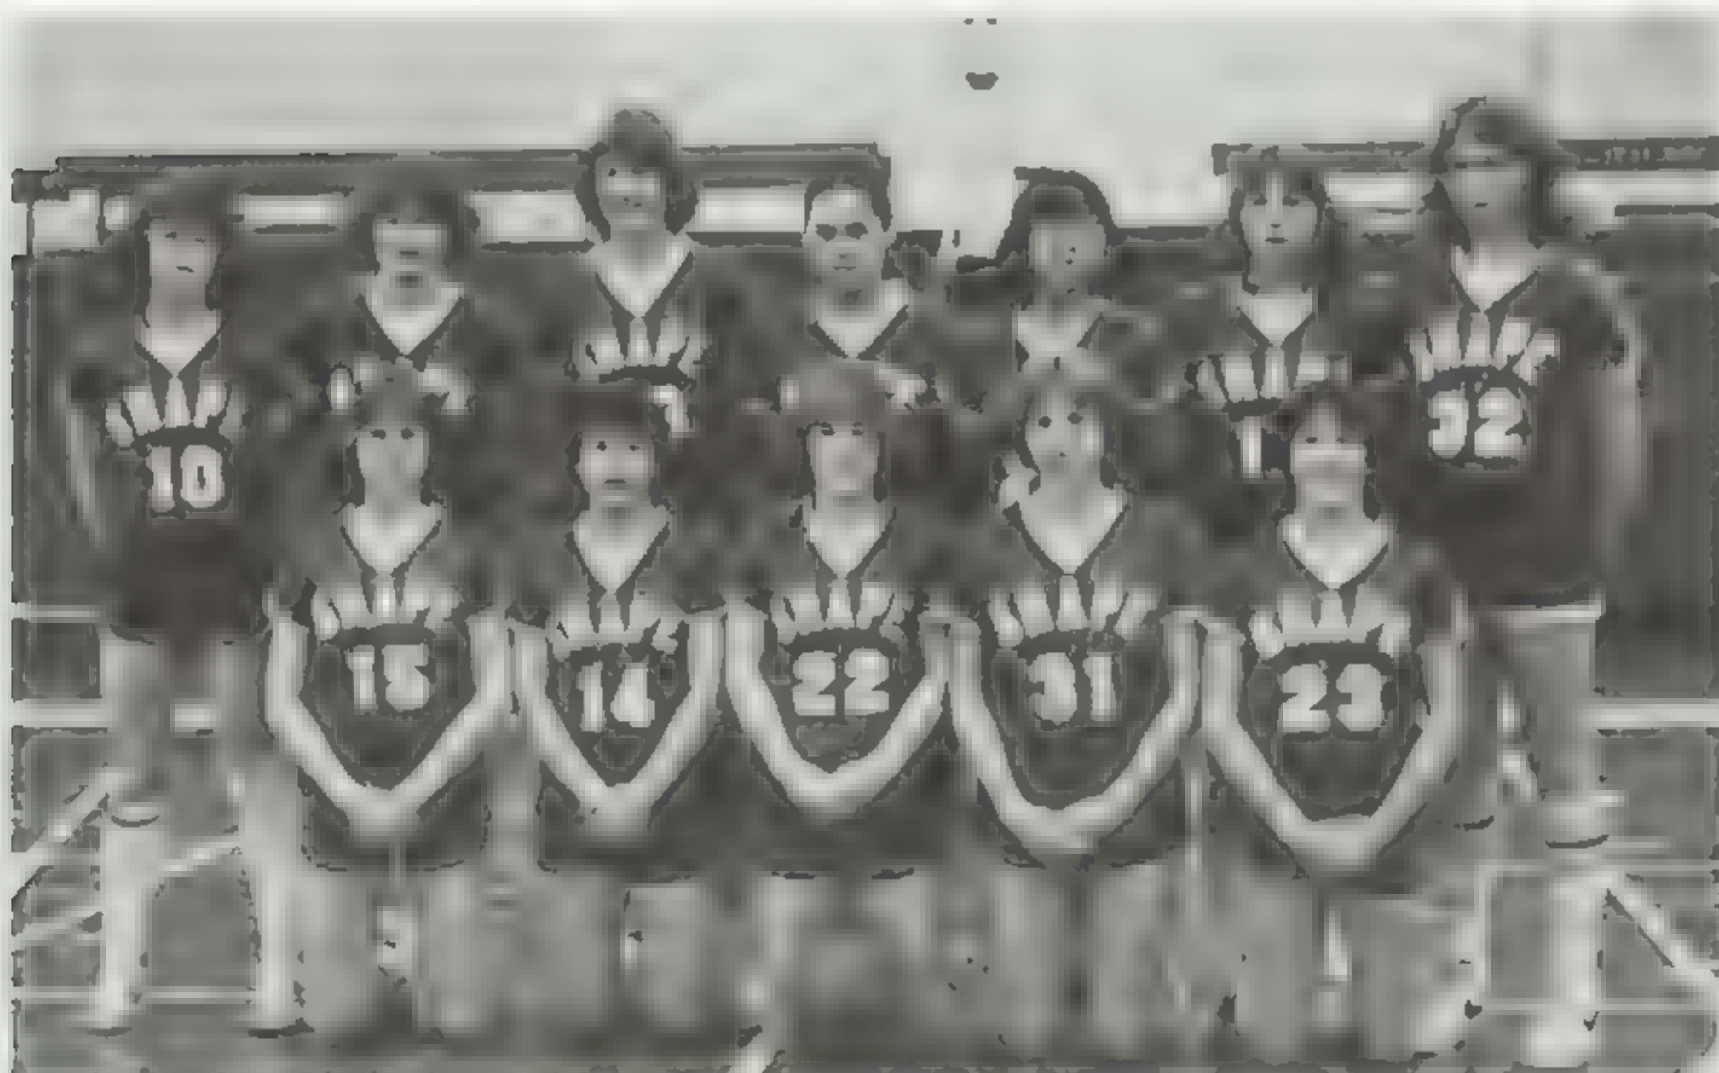

Seniors John Bradshaw and Tony Gamble led the way in scoring and rebounding. Bradshaw, a 6-6 center and 1980 Benelux All-Tournament selection, averaged 14 points and 11 rebounds per game. He also hit 77% of his free throws and had a high game of 24 points and 16 rebounds.

Gamble, a 5-10 senior guard, provided brilliant leadership and clutch performances throughout the season. He averaged 15.1 points and 5 assists per game. He also hit 73% from the foul line. Gamble hit for high games of 28 and 25 points.

Greg Moon spearheaded the Spartan defense and Phil Loudon, Stephen Whitfield and Jimmy Vargas provided the rest of the backcourt strength.

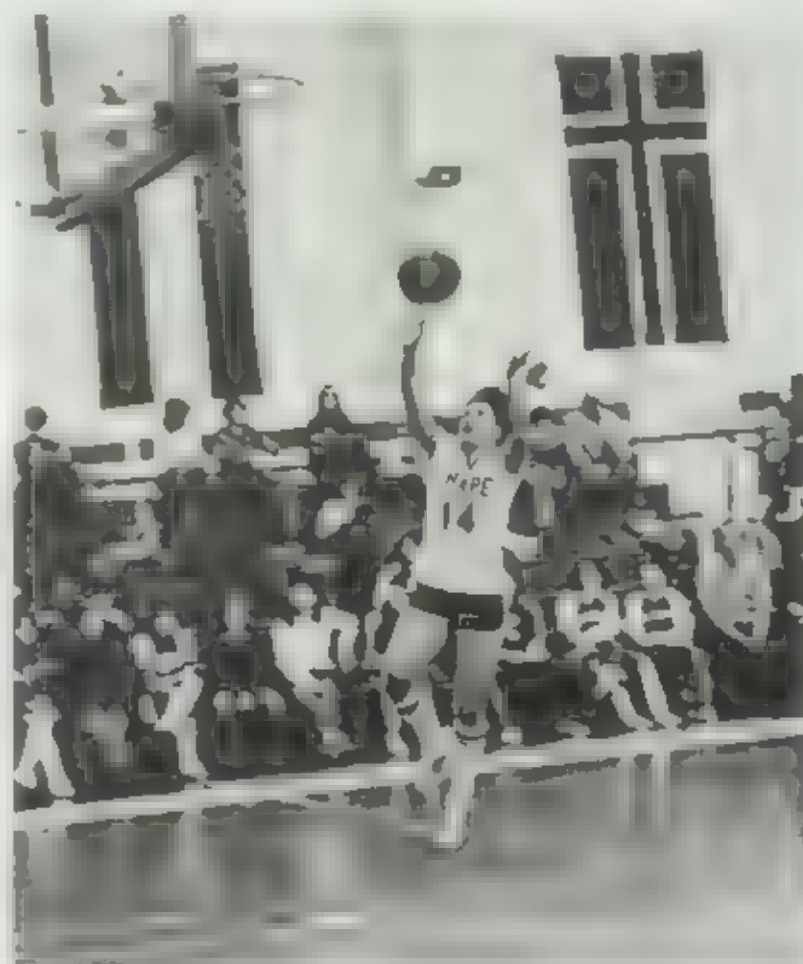

Dave Murphy, Harry Miller and Anthony Johnson provided both rebounding and scoring power.

Kathy Davidson and Marylin Hansen bring the ball down court

The 1980-81 season for the SHAPE girls basketball teams coached by Mr. Keegan turned out to be the most successful in the school's history. The varsity started out the season with high hopes even though only three players were returning: Kathy Davidson, Marylin Hansen, and Suzanne Smith. All three contributed hustle and points to make the varsity a powerhouse from the outside. Sheryl Crook who arrived in time to play a few games last year, and senior newcomer Terri Milton demonstrated a lot of talent which helped to make the team's record the best in the conference. Shorba and Karen Smith really helped the Spartan girls under the backboards and gave the team some height. The rapport and team work among the players on the varsity squad contributed greatly to their success.

The junior varsity team members, all new to high school basketball, displayed a lot of talent and determination in their sixteen game season. Their play steadily improved and several of these players should move up to the varsity squad next year.

# STUDENT COUNCIL

Ms. Marion Branck Student Council advisor

The student council was made up of officers and representatives from each class. The advisor was Ms. Branck.

The officers were: Jon Fanning, president; Dave Belovich, Vice-president; Molly Maguire, secretary; Derek Smith, treasurer; and Debby Kotch, student store manager.

The student council discussed all activities planned by the various classes; in addition, the council also planned and enacted its own activities. Probably the most important function of the council was to help give the students a voice in creating the school policy. The student representatives helped keep the other students informed about policies and decisions which would affect them. Frequently, different organizations of the school body asked the student council for financial assistance. The council always tried to assist them whenever possible.

Lis Matthews speaks for Sudan

This year SHAPE students represented Sudan and Bangladesh at the model United Nations held at the Hague in the Netherlands. Members of the Sudan Delegation were Sue Darton, Jon Fanning, Lis Matthews, Linda Reust, and Elisabeth Smela. Bangladesh was represented by Brian Darton, Dave Belovich, Joe Crozier, Tony Johnston, Derek Smith, and Sheryl Crook. The participation of all these students gave them an opportunity to experience general assembly meetings, discussion of resolutions in committees, lobbying, and other aspects of international diplomacy. The students also had a chance to make many new friends, to acquire a respect for the peace-making efforts of the real U.N. and to visit Amsterdam before their return to SHAPE. Co-advisors for this year's MUN were Mr. Petsch and Mr. Green.

# PRESIDENTIAL CLASSROOM

Presidential Classroom provided a concentrated study of the United States government. John Fanning and Mimi Abbott travelled to the nation's capital to observe several branches of the federal government. Here they had an opportunity to experience how the government actually work. The advisors, Mr. John Greene and Ms. Danielle Abbott, offered their time to make it a successful program.

## CHOIR

The SHAPE choir met at lunch time. It was open to all students of the high school. The choir performed at the Thanksgiving service at the SHAPE chapel. They also took part in a Christmas assembly and concert. During the holiday season the choir sang at the hospital, headquarters and elementary schools. This year the choir hosted the Benelux music festival.

# FOOTBALL CHEERLEADERS

Football Cheerleaders: Cindy Buckels, Pam Fisher, Michelle Wingfield, Bridgette MacDowell, Lisa Middlebrooke, Kathy Zaro

The football cheerleaders spent time making banners and signs every week for the Spartan football team. They created spirit by yelling chants and cheers down the halls and making decorations and banners. A pep bus was sponsored by the boosters so the cheerleaders could go to each away game and cheer the team on. The co-captains of the football cheerleaders were Cindi Buckels and Michelle Wingfield.

# BASKETBALL CHEERLEADERS

Tryouts for the basketball cheerleaders were held before the season started. Three new girls were chosen and three former cheerleaders remained to help cheer the Spartans to a successful season. The captain for this year's squad was Beth Albright; the co-captains were Kathy Zara and Michelle Wingfield

# SPIRITS

The SHAPE Spirits provided lively and colorful entertainment for SHAPE High sporting events. They were a great asset to the total sports program. These beautiful and talented dancers, under the sponsorship of Mrs. Mathews and Mrs. Watson, dazzled audiences all season with flashy and high-kicking routines. The choreographer-captains were Liz Mathews and Lisa Duty. The Spirits added to the enthusiasm of everyone at SHAPE High School

# NATIONAL HONOR SOCIETY

The National Honor Society (SHAPE Chapter)

The purpose of the National Honor Society is to create enthusiasm for scholarship, to promote leadership, and to develop character. Students who wanted to become members had to have the following grade point average: sophomores, 3.70; juniors, 3.50; and seniors 3.20. After meeting the scholastic average, the faculty rated the students with whom they were familiar on service, leadership, and character. A student seeking admission must have had an overall average of 3.0 on the above three mentioned qualities. Inductions were held in December and in May. Membership in the NHS was both an honor and a responsibility. Students selected for membership were expected to demonstrate the qualities which qualified them for membership.

The National Honor Society was sponsored by Mr. Armand Bauduin. The officers were: Elisabeth Smela, President; Lis Matthews, Vice-president; Linda Reust, Secretary; and Michael Belovich, Treasurer. The members were Nathalie Aldridge, Michael Belovich, Sheryl Crook, Lisa Duty, Lis Matthews, Linda Reust, Jenny Schwar, Elisabeth Smela, and Suzanne Smith.

# PHYSICS CLUB

Physics Club

The Physics Club started to gain momentum immediately by going on field trips, listening to guest speakers, and conducting experiments. There were often discussions of scientific principles followed by experiments and further discussions. The officers were Brian Darton, President; Sheryl Crook, Secretary; Lis Matthews, Treasurer; and Dr Ulmer, Advisor.

## MAJORETTES

During half time at all the home football games, the majorettes stepped out on the field and put on a performance that really entertained the fans. The co-captains of the majorettes were Dana Russett and Jackie Jackson. The members were Jacquie Saunders, Anika Kentopp, and Rose Marie Brown.

# Lettermen's Club

The Varsity Club was reinstated this year by Coach Ed Watson. With his help and guidance, the club chose officers and proposed a new constitution. The purpose of this club is to promote the SHAPE athletic program in every way.

The members include athletes, cheerleaders, and spirits who have earned a varsity letter.

This year, there is a new addition to the SHAPE High School arts curriculum. Mr. Wahlberg, who is in one semester offering a class in drama and production, has been very successful in giving students an opportunity to become acquainted with the performing arts. The first semester, the class in drama and production, will be a play, and the second semester, the class will be a musical. The Student Store this year was taken over by Junior Debby Kotch. During the summer the store was cleaned, painted, and restocked. The improvements continued through the year. The student body was offered a wider selection of food and the store opened during break and after school as well as in the mornings and at lunch.

The Student Store workers deserve a lot of credit. They worked hard and had to put up with criticism. It was a very successful year for the Student Store.

# HISTORY'S HALLMARK OF SECURITY

FDR

Mutual of New York has provided effective insurance for the nation's families since 1843 when it issued America's first mutual life insurance policy. Prominent men, Theodore Roosevelt, William Howard Taft, Woodrow Wilson, Warren Harding, and FDR, put their trust in MONY with good cause. As Wall Street crashed and banks went out of business, people found that they could still count on MONY. When you buy life insurance, consider the established insurance company that has stood the test of time. Trust in Mutual of New York.

Warren Harding

This year was special

*"These special days hold special times  
and will hold special  
memories."*

Craig,

I hope you are doing well. I am  
happy to hear that you are  
not in the hospital anymore. I am  
in the hospital for a while  
the way the doctor says you  
are. I will be back to the  
hospital for a while. I am  
happy to hear that you are  
doing well. I am not sure.

I live in Texas.

Take care,

Lanie

To a good friend Craig &  
Tom Robert Westers

Craig,  
You're a great person!!!
